RE: DES Wetlands File #2005-01324 Centenary Ave, Laconia

To Whom It May Concern:

On May 27, 2005, personnel from the Department of Environmental Services ("DES") conducted an inspection of the above referenced property, more specifically referenced on Town of Laconia Tax Map 139 as Lot 46 (the "Property"). The purpose of the inspection was to determine compliance with RSA 482-A and NH Code of Admin. Rules Wt 100-700.

During the inspection the following deficiencies were documented:

1. An existing boat ramp had been paved without a permit from the DES Wetlands Bureau.
2. An existing beach had been recently replenished with sand without a permit from the DES Wetlands Bureau.

In response, you are requested to take the following actions:

1. By July 15, 2005 submit an After-the-Fact Standard Dredge and Fill application to DES to retain the unpermitted impacts referenced above.

RSA 482-A, the New Hampshire Wetlands law, was enacted to protect and preserve wetlands and surface waters from unregulated despoliation. Prior to dredging, filling, or construction in and adjacent to wetlands or surface waters, an individual is required to obtain a permit. If work is done without a permit, this is considered a violation of RSA 482-A. Failure to respond to this Letter of Deficiency in a timely and complete manner may be construed as noncompliance by the receiving party.

DES personnel may conduct another inspection at a later date to determine whether you have come into and are maintaining full compliance with the applicable statute and rules.

Issuance of this letter shall not preclude further enforcement by DES. Failure to comply with RSA 482-A will result in enforcement by DES, including but not limited to the issuance of fines, administrative orders, or referral to the New Hampshire Office of the Attorney General for prosecution of civil or criminal penalties. If an order is issued to you, it may also be recorded with the Registry of Deeds as an encumbrance against your property.

All documents submitted in response to this Letter of Deficiency should be addressed as follows:
